A note from the president:

CVTC was extremely pleased to have Chris Hartley from FMCSA as our guest speaker for our October Meeting. During his presentation Mr. Hartley mentioned two training items relating to trucks and transportation in North Carolina: a NC Trucking Company brochure and a Driver Communication with Law Enforcement training DVD.

Officer Steve Ellis with the North Carolina Highway State Patrol – also attended the October meeting. He has ordered several copies of the above noted training material. Officer Ellis has offered to assist any traffic club member in obtaining this information. Officer Ellis can be contacted at: 828-466-5676 or slellis@ncshp.org.
